There is no cost to participate, but you must register in advance. Registration materials are now available. For more information contact Debbie Rupp, Mason Secondary Science Curriculum leader, at ruppd@mason.k12.oh.us Space is limited, so please register early.

Introduce a Girl to Engineering Day is celebrated internationally during Engineers Week each year. Female Mason students in grades 8-12 are invited to join us for a morning of Engineering fun. Engineering Day gives students a chance to:

- have fun doing hands-on engineering activities
- meet engineering students and a diverse group of engineers from industry
- see what it's like to be an engineer
