

## **Welcome to Student Activities**

As a staff, we encourage all of our students to take part in the outstanding activities offered. Through participation in these groups, students are offered an opportunity to benefit personally through the skills they develop and through the friendships and associations they form with fellow students and staff. The social and academic accomplishments of these students contribute significantly to the success of Mason City Schools.

The mission of Student Activities is to provide programs, clubs and intramural opportunities to meet the recreation activity interests and needs of the Mason City schools students. We are committed to improving the quality of life for students. These diverse programs complement the academic goals of the school district and encourage physical, emotional, and social growth of individuals by developing skills and positive attitudes through development of lifetime activities.
